

# “Your Business Plan for Redeployment™”

## Virtual Outplacement Portfolio

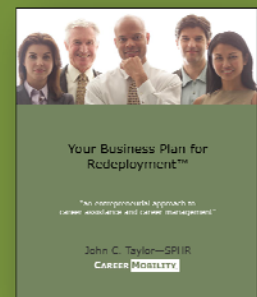

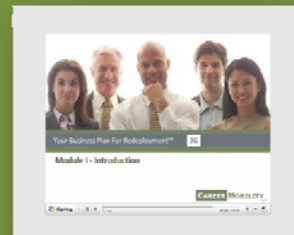

In today’s dynamic business environment it is sometimes necessary to implement a reduction-in-force. For the last 10 years **CareerMobility™** has offered superior:

- Pre-Notification Consulting
- Leader Notification Training/Coaching
- Virtual Access to our Redeployment Toolkit
- Professional 1:1 Career Coaching
- Comprehensive Utilization Reporting

[Learn more](#)

Providing quality and user-friendly redeployment resources to your displaced employees shows genuine concern over their well being, reduces their cycle time to redeployment, and maintains your corporate reputation with internal and external stakeholders.

### Web-based Redeployment Toolkit

- Participants enjoy unlimited access to the CareerMobility™ Redeployment Toolkit which supports participants through the redeployment continuum.
- Participants are able to access the Redeployment Toolkit 24x7. This provides participants total flexibility to manage their redeployment efforts at their own time and pace.
- The Redeployment Toolkit is fully integrated with the eLearning Modules and Companion eBook.

### Web-based eLearning Modules

- Unlimited access to Flash eLearning Modules which guide participants through the “Your Business Plan for Redeployment™” methodology.
- Participants are able to access the eLearning modules 24x7. This provides participants total flexibility to manage their redeployment efforts at their own time and pace.
- The Flash eLearning Modules are fully integrated with the Redeployment Toolkit and Companion eBook.

### Companion eBook

The companion book, “Your Business Plan for Redeployment™” – *an entrepreneurial approach to career assistance and career management*, provides a comprehensive framework. This framework supports participants as they assess, market, and sell their unique knowledge, skills, abilities, and accomplishments. The companion book includes surveys, templates, exercises, and resources fully integrated with the eLearning Modules and Redeployment Toolkit.
